

## Before you buy

Find the right fit for your driving lifestyle.

## Is this right for you?

Both plans offer the same great coverage.  
The difference is how you pay:

## Just Pay-per-mile

*Pay based on miles driven*

- Monthly odometer photos required
- Best for drivers under 8,000 mi/year
- Lower rates for low-mileage drivers
- App-based photo submission

## Just Unlimited

*Fixed-rate pricing*

- No odometer photos needed
- Best for average to high-mileage drivers
- Predictable monthly rate
- Drive as much as you want

## Flexible Payment Options

- 14-day payment cycles
- 30-day payment cycles
- Choose what works for your budget.

- Matricula Consular

# After You Buy

## Pay-per-mile: Odometer photo timeline in the Just app

### Day 0–3: Starting Odometer Photo

Within 3 days of purchase, take a photo of your odometer and upload it directly in the Just app. This sets your baseline mileage.

### Day 7: Second Photo

One week in, submit your second photo to confirm early driving patterns.

### Every 30 Days: Monthly Photos

You'll get an app reminder. Submit your photo to keep your billing accurate.

### End of Policy: Final Photo

When your policy ends or you cancel, submit a final photo for your last billing adjustment.

## Why this matters

Photos verify your mileage so you only pay for what you drive. Your initial premium is an estimate—submitting photos on time ensures accurate billing and helps avoid refund delays.

## Just Unlimited customers

No odometer photos required. Your rate stays the same no matter how much you drive.
